Dayton, Ohio 45402-2086

Dear Mr. Saric and Mr. Mitchell:

ADDENDUM TO THE SOUTH GROUNDWATER CONTAMINATION PLUME REMOVAL ACTION, PARTS 2 & 3 WORKPLAN

Enclosed for your review and approval is Addendum Number 1 to the South Groundwater Contamination Plume Removal Action, Parts 2 & 3 Workplan. The addendum describes the elements of the supplemental project that have been initiated per the Department of Energy (DOE)/United States Environmental Protection Agency (U.S. EPA) Agreement Resolving Dispute Concerning Denial of Request for Extension of Time to Submit Operable Unit 2 Documents. The supplemental project includes a new interim groundwater treatment unit. The addendum also discusses plant modifications at existing South Plume Part 3 facilities to enhance operational capabilities and to provide for tie-in of the new supplemental project.

This addendum has been prepared in lieu of a separate workplan because of the close similarity and interrelationship with the Part 3 facilities.

If you or your staff should have any questions, please contact Pete Yerace at (513) 648-3161.

Sincerely,

for Johnny Rensing
Jack R. Craig
Fernald Remedial Action
Project Manager
